

HOCKEY EDUCATION PROGRAM

2006-07 FAIR PLAY

Fair Play is one component of the Minnesota Hockey's Hockey Education Program (HEP). For additional information on HEP and its other components go to www.minnesotahockey.org. Fair Play holds all stakeholders in youth hockey accountable for their actions. Proper behavior is rewarded and improper behavior is penalized.

Fair Play will be implemented for all league games. Fair Play points will count in league standings and will be used to determine final league standings. Fair Play is an option for invitational tournaments this season.

A team will lose it's Fair Play point if total Fair Play equivalent PIM exceed the threshold established for the level of play, a coach is assessed a Game Misconduct or Match Penalty, or per Minnesota Hockey Conduct Rule XIV.C.2 a spectator is requested to leave the arena by an official.

Performance	+	Fair Play	=	Winner in all Aspects
